### **Letter of Recommendation**

To Whom It May Concern:

I write this letter to recommend Michael G. Lanyi who taught Microeconomics and Managerial Economics for the BBA program in 2006.

Mr. Lanyi's student evaluations were among the best in our faculty (average of 4.70 out of 5). The depth of coverage of material was well above average and Mr. Lanyi's tests were rigorous but fair. Mr. Lanyi's lectures were very well received and included business material and applications that enhanced and went beyond the standard text material.

I would recommend Mr. Lanyi as an instructor and as a colleague with no reservations.

Sincerely

Barrie Gibbs

Dean

BBA Program
