A. - Great Prep for the test. - Took the material from the course and applied it to the way we actually needed to know it ... in our case M/C questions.
B. Thx.

A. Lab helped me feel more prepared for the exams. The instructor was polite and answered all questions, he was also available during office hours to provide additional help. Lab gave more and better preparation for midterms.
B. Instructor's teaching was clear and understandable.

A. Good lab. Sometimes, however, it's a bit hard to understand what the final answer was (A, B, C or D) .

A. Nothing but good things to say.
B. NO.

A. - The lab made this course more complete and helped me really understand the concepts that we learned.
- I really love the lab sheets, they really help with preparation for exams and cover a large spectrum of the different types of Q's we could encounter.
B. - Goes slow enough so those having a hard time can understand what is being taught. - Very Personable. - GREAT JOB MIKE!

A. I think the Lab is more useful than the lecture.

A. This lab really helps prepare for exams. Classes don't actually teach you how to do questions, so lab is really valuable since this is the stuff you actually get tested on.
