GENERAL COMMENTS

1. What do you consider to be the strongest and weakest features of the T.A.?

2. Can you offer any suggestions for improving the T.A.'s style of presentation, individual consultation, marking, etc.?

For the first time in an econ tutorial I felt like learning in the class as the TA didn't just write answers on the board he made the class engaged by always asking questions & kept everybody awake. Very useful tutorial as I seriously learned something new in each of my tutorial. Thank You Micheal Lanyi for everything.
